

# Dintec Professional Services Package for GROW with SAP

The Dintec Professional Services for GROW with SAP package is an ideal solution for companies in the Professional Services sector as it helps manage and coordinate various administrative and operational activities, and it includes the automatic daily exchange rate update, with data sourced from any central bank. It improves the organization's efficiency and productivity, shortening implementation times.

## SAP S/4HANA Cloud Public Edition

SAP S/4HANA Cloud, Public Edition, offers an affordable, scalable ERP solution with built-in AI, real-time insights, and seamless integration to drive growth and streamline operations for your business.

## Customer Portal Add-On:

Customers will be able to review and download invoices in PDF format, access time-sheet self service, pay bills directly in the portal, and see real-time data at any level of processing.

## Automatic Exchange Rate Add-On:

Automates daily currency exchange updates using real-time data from the any central bank, drastically improving accuracy and reducing manual effort.

- Manage and coordinate various administrative and operational activities.
- Improves organizational efficiency and productivity by shortening implementation times.
- Maximize revenue and cash flow by integrating the order-to-cash process across all touchpoints, channels, and functions.
- Standardize procurement processes and minimize human intervention to reduce costs and efficiently manage suppliers.
- Optimize project execution and maximize profitability.

## Package Benefits:

• **Enhanced Efficiency:** Reduce invoice generation time by 84% with automation, freeing up staff for higher-value tasks.

• **Boost in Transactions:** Experience 1.5 times more payment transactions with the same workforce, improving cash flow.

• **Increased Control:** Access real-time data and ensure regulatory compliance, improving financial accuracy and business oversight.

• **Customer Portal Add-On ByDintec:** enhances efficiency with PDF invoices, self-service time management, direct payments, real-time data access, and less manual effort, driving growth

• **Automatic Exchange Rate Add-On ByDintec:** Ensures daily accuracy for all foreign exchange transactions.

## SAP S/4HANA Cloud Public Edition Benefits:

• **Innovative Technology:** Leverage the latest advancements in ERP with integrated AI and machine learning.

• **Real-Time Information:** Access real-time data for better decision-making and increased efficiency.

• **Scalability:** Adapt and grow with a solution that adjusts to your business needs.

• **Reduced Total Cost of Ownership:** Lower your total cost of ownership with a cloud-based solution.
